Indianapolis, IN 46219

Dear Mr. Hollingsworth:

I am writing in response to your letter of June 26, 1984, requesting documents in the possession of the United States Environmental Protection Agency (U.S. EPA), concerning American Industrial, relative to the Enviro-Chem site.

U.S. EPA is willing to provide all of such documents to American Industrial only when we receive all of the Enviro-Chem related documents which American Industrial has in its possession. If you submit copies of such documents along with an affidavit which states that American Industrial has reviewed its files and that to the best of its knowledge the submittal includes all of the company's documents relating to the Enviro-Chem site, or that it is unable to locate any such documents, then I will send you the documents which are in the possession of the U.S. EPA.

This procedure was explained at the meeting of May 30, 1984, in Indianapolis which you were invited to but, according to our registrations, did not attend.

Thank you for your cooperation in this matter.

Sincerely yours,

Robert E. Leininger  
Assistant Regional Counsel
